

## PROGRAM COMPLETION AND GRADUATION

---

You will graduate from the program when you have proven competency in all rotations and completed all program hours, projects, and curriculums. You must complete the program within 10.5 months or 150% of the time from the internship start date.

Evaluations will be completed at scheduled times throughout the program. You must prove competency and demonstrate strong ethical and professional performance throughout each rotation to continue in the program.

A **Certificate of Completion** and **Verification Statement** will be granted to you upon satisfactory completion of the following:

- Required learning modules, case studies, and projects
- Minimum of 1200 hours of supervised practice and simulated activities

You will be eligible to take the Commission on Dietetic Registration Examination for Dietitians upon receipt of your Verification Statement.

Successful completion of the Dietetic Internship Program and the registration exam meets the requirements to be a Registered Dietitian Nutritionist.
